STUART — Keiser University students Sarah Bearor, Ashley Taylor, Kay Lura surprised the staff and families at Martin County PPEC (Prescribed Pediatric Extended Care), a medical day care for medically fragile and complex children, with the bounty of a recent donation drive. The donated clothes, infant swing, toys and games benefit Martin County PPEC families and their special needs children.

“The thoughtfulness of Keiser University, its staff and students is remarkable,” stated Evelyn Duah, administrator of Martin County PPEC. “Many times families raising medically fragile children struggle financially to support the family due to extensive medical costs and care for their special needs child. The donations mean the world to the parents and children.”
