ADMISSIONS NEWS

Did you know that you are able to continue on to Masters and Doctoral programs through the Melbourne Campus? There are many graduate degree options available to our students along with scholarship opportunities as well. Our graduate classes are designed with working students in mind! If your goal is to become a nurse practitioner, a college professor, or a clinical mental health counselor, let us help!

We even offer our Master of Business Administration degree night hybrid for those that do not want to attend online classes. The MBA is a fantastic degree that allows many new doors to open for upward mobility at an organization. Countless fields look for MBA graduates to help manage their businesses - fields like the finance sector, government, manufacturing, and health care! The Master of Business Administration program does not require a bachelor's degree in Business either!

Come visit Admissions so that we can fill you in on this amazing opportunity, or email me at jdebolt@keiseruniversity.edu for more information. **Let the Melbourne Campus help you continue to reach for the stars!!!!**

FROM THE DESK OF DEAN BENSON:

Adjusting to College Life

Welcome to a brand new semester! Here are some tips to start the new semester strong:

With everyone's hectic schedule today, the tips below are more important than ever, as we have to balance work, family and school.

We're excited for what the new semester brings for you, and look forward to you crossing the stage as a new graduate of Keiser University.

Download the Microsoft Outlook app on your phone and connect your Keiser email.

All departments will use your email address to reach you – most importantly, your instructor.

Download the Blackboard app.

This will connect you to your class, whether it's online, hybrid or on ground.

Read the syllabus for each course as soon as you have access – you will be able to see it in Blackboard.

Ask questions!

Ask questions in class, not just of your instructor, but also classmates and upperclassmen in your program.

Form a study group.

You will build knowledge, confidence and relationships.

Know where to find key offices.

Your Instructor - ask.

Your Program Director or Academic Advisor - you should meet with them at least once a semester.

Library - South end of the 900 Building, between the 100 and the 200 hallways.

Bookstore - 100 hallway of the 900 Building.

Bursar - 100 hallway, across the hall from the Bookstore.

Financial Aid - First hallway in the 900 Building. (You will need to meet with them periodically.)

Find help if you need it.

If you have any questions at all in any aspect of your education, ask – the sooner, the better. Your Program Director / Advisor are a wealth of knowledge. If it's outside of your current class, ask them.

Join a club.

We have many clubs on campus. Student Services can help you find one that will fit with your interests.

Answer your emails, texts and phone calls.

We always have your best interest at heart. If we're reaching out, it's only to help you.

Communication.

If you're having any issues you feel are impeding your education, let us know. We'll either help or find someone who is able to.

Even after you graduate – keep in touch. When you find a job, let Student Services know. Your success is our success and we want to know about it!

Again, if you have any questions or concerns at all, please let us know.

We look forward to another great year at Keiser University and we look forward to seeing you walk across the stage with your diploma!

FINANCIAL AID TIPS & TOOLS

WELCOME BACK SEAHAWKS!

Check Your Credit, Protect Your Credit!

CONTRIBUTED BY: Geoff Stam, Director Default Management and Financial Wellness, Office of the Chancellor

The world of credit can be confusing, challenging, and downright maddening to understand. Yet, it is one of the most important aspects of your financial health. Your credit reflects how responsible you are with other people's money. Credit health (or what most refer to as a credit score), is derived from the information contained in your credit report(s). Reviewing your credit reports regularly (at least once every 12 months) from all 3 credit bureaus, (Experian, Equifax, TransUnion), is essential to ensure the information in those reports is correct.

The credit report contains a vast amount of data about your past and present credit transactions (including student loans). It's used primarily by potential lenders to evaluate your creditworthiness (ability to borrow). But it can also be reviewed by current and potential employers, licensing agencies, and insurance underwriters. Prior to applying for credit or a new job, you will want to get and review a copy of your credit report. Information reported inaccurately can cause many issues for any of these activities!

You are allowed 1 free report from each of the 3 reporting agencies once every 12 months. The best place to obtain your reports is www.AnnualCreditReport.com. Beginning with the pandemic and continuing today, this website allows consumers a free credit report from each agency **once every week!** You can also contact the bureaus individually, but AnnualCreditReport.com provides access to all 3 in one place.

Services like Credit Karma (TransUnion and Equifax), Credit Wise (TransUnion and Experian), Credit Journey (Experian only), and various others may not provide information from all 3 bureaus. What you receive might only be a summary of data, not a full, comprehensive report. Remember, we are focusing on the credit report, not the credit score!

Why view all three bureaus? Companies that you have credit with may report differently to each bureau, or they may only report to one bureau. Which report might be used for review or scoring is up to the lender you are applying with, so we don't always know which one will be used. We need to make sure the information in each report is accurate, that no one has compromised our credit data or used our identity.

Checking your credit report(s) does NOT hurt your score! Neither does checking your own credit score, but we will discuss the score in another article.

Besides the annual report, you are also entitled to a free report under the following circumstances:

1. A company has taken adverse action against you, such as denying you credit, insurance, or employment (you must request a copy within 60 days of the adverse action).
2. You're unemployed and plan to look for a job within the next 60 days.
3. You're on welfare.
4. Your report is inaccurate because of fraud, including identity theft.

You can order your free annual report online at www.AnnualCreditReport.com, by calling 877-322-8228, or by completing an Annual Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Alternatively, you can contact each of the three credit bureaus:

Experian National Consumer Assistance Center, www.experian.com, P.O. Box 2104, Allen, TX 75013-2104, (888) 397-3742

TransUnion LLC, Consumer Disclosure Center, www.transunion.com, P.O. Box 2000, Chester, PA 19016-2000, (800) 916-8800

Equifax, Inc., www.equifax.com, P.O. Box 740241, Atlanta, GA 30374, (800) 685-1111

Attention Student Loan Borrowers! Remember, interest accrual and federal student loan payments restarted September 1, 2023. If you hold federal direct Unsubsidized loans, interest started to accrue on those loans September 1, 2023. Federal direct Subsidized loans will continue to have the interest paid by the federal government while you remain a student above ½ time (in-school deferment) or are on a deferment period such as grace period.

Please register for the free website portal.iontuition.com, to track your loans; know your servicer, review interest rates and accrual as it restarts, understand repayment plans/options, as well as deferment, forbearance, and consolidation.

Please feel free to contact me if you have any questions or suggestions. If there is a specific topic you would like to hear about, please let me know. I can be reached by phone at 904-238-3099, or gstam@keiseruniversity.edu.

MICRO-INTERNSHIP OPPORTUNITIES

Q. "What are micro-internships?"

A. "Micro-internships are short-term (usually between 10 - 40 hours), often remote, **paid** projects, working for real companies."

Keiser University provides the opportunity for our students to apply for short-term, professional, paid work experiences through **Parker Dewey** Micro-Internships.

Through these short-term, paid, project-centered experiences, you can demonstrate your skills, and expand your professional network.

Unlike a traditional internship, these paid opportunities typically range from 10 to 40 hours of work and are deadline-driven as opposed to set during specific hours - perfect for students with erratic or hectic schedules!

Not only does this help the companies across various industries and departments who are looking for skills like yours, but it also allows you to get real-world experience and network with professionals. Additionally, by engaging these companies early in your college career, you can make yourself a more experienced and appealing candidate for future internship and career opportunities.

To learn more and start applying, visit <https://info.parkerdewey.com/keiseruniversity/students> and create a profile.

We encourage you to have your resume reviewed via [College Central Network](#) before applying for an internship. For additional information, please call or stop by Student Services.
