

Credit Conversion Chart

Typically, two semesters of coursework equal three quarters of coursework. This means one quarter unit has two-thirds the value of one semester hour. To convert credits, divide the number of quarter units by 1.5. For example, for a student who has earned 30 quarter units has earned 20 semester hours: $30 \text{ quarter units} \div 1.5 = 20 \text{ semester hours}$.

QUARTER UNITS TO SEMESTER HOURS CONVERSION CHART	
QUARTER UNITS	SEMESTER HOURS
0.5	0.33
1.0	0.66
1.5	1.0
2.0	1.33
2.5	1.66
3.0	2.0
3.5	2.33
4.0	2.66
4.5	3.0
5.0	3.33
5.5	3.66
6.0	4.0
6.5	4.33
7.0	4.66
7.5	5.0
8.0	5.33
8.5	5.66
9.0	6.0
9.5	6.33
10.0	6.66
10.5	7.0
11.0	7.33
11.5	7.66
12.0	8.0
