To Whom It May Concern,

Pleased accept this letter as a recommendation for Keiser University and their impact on the local community and its people.

I have been associated with Keiser for some time now and have enjoyed the professional relationship I have had with the school as an: adjunct professor; guest lecturer; and trainer in the Advanced Leadership Program.

For more than a decade, Keiser has collaborated on numerous training and educational programs for the betterment of our local businesses, community, and future leaders. I have seen this first hand working with on the Fort Myers campus

The administration and professors at Keiser University have assisted by providing great trainers for the Leadership Cape Coral's Advanced Leadership Program. This is a great opportunity for our community leaders to gain an enhanced understanding of leadership technics and theories through a hands-on interactive curriculum.

I would like to thank the faculty and staff at Keiser University for all they do for the communities they serve and look forward to a continued partnership with the University.

Sincerely,

Joe Mazurkiewicz, Jr.
