

Associate of Science in Physical Therapist Assistant

Dear Prospective Student,

Thank you for your interest in Keiser University's (KU) Associate of Science in Physical Therapist Assistant program. KU is required by law to disclose to you specific state licensing requirements regarding professional licensure. In particular, KU must disclose whether (1) the program meets state educational requirements for professional licensure, (2) does not meet state educational requirements for professional licensure, or (3) it cannot be confirmed if the program meets state educational requirements for professional licensure.

The attached professional licensure disclosure notification is designed to provide the aforementioned detail for all 50 states in the U.S., the District of Columbia, and U.S. protectorates.

Upon review, should you find you reside in and/or wish to obtain licensure in a state where the program does not meet state educational requirements, or it cannot be confirmed if the program does so, please click on the link for that state to determine the professional licensure requirements for that state. For program-specific questions, please contact the PTA University Department Chair, Jelaine James at (954) 776-4456.

Sincerely,

Terry Reid-Paul, MBA, HCM
Vice Chancellor of Academic Affairs
Keiser University
