

Bachelor of Science in Health Information Management

Dear Prospective Student,

Thank you for your interest in Keiser University's (KU) Bachelor of Science in Health Information Management. KU is required by law to disclose to you specific state licensing requirements regarding professional licensure. In particular, KU must disclose whether (1) the program meets state educational requirements for professional licensure, (2) does not meet state educational requirements for professional licensure, or (3) it cannot be confirmed if the program meets state educational requirements for professional licensure.

The attached professional licensure disclosure notification is designed to provide the aforementioned detail for all 50 states in the U.S., the District of Columbia, and U.S. protectorates.

Upon review, should you find you reside in and/or wish to obtain licensure in a state where the program does not meet state educational requirements, or it cannot be confirmed if the program does so, please click on the link for that state to determine the professional licensure requirements for that state. For program-specific questions, please contact Amber Krasny, (716)864-3876.

Sincerely,

Terry Reid-Paul, MBA, HCM
Vice Chancellor of Academic Affairs
Keiser University

**Professional Licensure Disclosure/Notification Statement
Keiser University, Bachelor of Science in Health Information Management**

Degree Title	Degree Level	Degree
Bachelor of Science in Health Information Management	Bachelor	BS

Professional Licensure Disclosure Statement: Keiser University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and degrees at the associate, baccalaureate, masters, specialist, and doctoral levels. Questions about the accreditation of Keiser University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC’s website (www.sacscoc.org).

The Bachelor Degree Health Information Management program at Keiser University, Fort Lauderdale campus, is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), 233 N. Michigan Avenue, 21st floor, Chicago, IL 60601-5800. <http://cahiim.org>.

At this time, KU has made the following determination regarding the Bachelor of Science in Health Information Management educational degree completion requirements for licensure/certification in the following states:

STATES IN WHICH THE PROGRAM MEETS EDUCATIONAL REQUIREMENTS	STATES IN WHICH THE PROGRAM DOES NOT MEET EDUCATIONAL REQUIREMENTS	STATES FOR WHICH IT CANNOT BE DETERMINED IF THE PROGRAM MEETS EDUCATIONAL REQUIREMENTS
All states	NA	NA

It is strongly recommended that students, applicants, and prospective students determine any additional (i.e. non-educational) requirements for licensure in the state in which they seek to be licensed. Employers in some states may require RHIA certification as a condition of employment. Students in CAHIIM-accredited HIM academic programs may be eligible to apply for and take the RHIA or RHIT certification exam. For additional information and a directory of specific state requirements, please visit the web site of Registered Health Information Administrators at: <https://www.ahima.org/certification/RHIA>.

For all students, applications, or prospective students seeking licensure in any state listed in the “Program does not meet educational requirements column”, please see the below detailing the licensing board requirements and contact information.
