Lakeland, FL 33805

Dr. Steverson,

It has been brought to my attention Keiser University is contemplating the purchase of the MILO simulator system for your Florida campuses. This system would be tremendous for students seeking a career in criminal justice.

I am in full support of this purchase and would be very interested in utilizing its technology to help train the men and women of the Auburndale Police Department. It is very appealing to me to provide training for our officers in our facility and not have to worry about the logistics of sending squads of police officers outside the city.

The Auburndale Police Department employs forty-one (41) sworn members. As a smaller agency, the purchase of this type of training and technology is out-of-reach. Having something like this available to our officers is priceless and will undoubtedly save lives.

If I can be of any assistance or answer any questions, please feel free to contact me.

A handwritten signature in blue ink that reads "Terry J. Storie".
