Dr. Todd Harrison
Keiser University
5600 Lake Underhill Rd
Orlando, Florida 32807

Dear Dr. Harrison:

The Casselberry Police Department has been in partnership with Keiser University for over six (6) years. I fully support The Criminal Justice Virtual Simulator Appropriation program that Keiser University is implementing. Any training program that provides important additional resource training in the criminal justice, forensic investigations and crime scene investigations fields will not only benefit the local agencies and their officer but the future officers and our local communities.

Sincerely,

Larry D. Krantz
Chief of Police

LDK/bmr
