President Charles Gibbons  
Keiser University  
6014 US Highway 19 North, Suite 250  
New Port Richey, Florida 34652

Mr. Gibbons,

As an educational partner of Keiser University since 2020, the Port Richey Police Department has enjoyed the professional relationship that has been established between our organizations.

I am a member of the Criminal Justice Advisory Board and appreciate the opportunity to provide some insight and knowledge that I have acquired during my 38 years in the law enforcement profession. The position on the board is voluntary and as a member of two additional college advisory boards and several committees, not to mention leading a law enforcement agency, my time is limited. With that being said, if I did not believe in the mission and vision of Keiser University's Criminal Justice program, I would not continue to be a member of the board.

The utilization of traditional classroom study remains at the core of the educational process. Enhancement of the traditional process can be enhanced by the utilization of Virtual Simulation Systems. These systems are utilized by law enforcement agencies across the country including the Port Richey Police Department. Virtual simulation affords the students the opportunity to experience realistic scenarios that will test their cognitive abilities and decision making in a safe classroom setting.

The Port Richey Police Department supports the CJ program at Keiser University and utilization of virtual simulation training.

Respectfully,

A handwritten signature in blue ink that reads "Cyrus Robinson".

Cyrus Robinson  
Chief of Police  
Port Richey Police Department  
727-816-1919
