Campus President David Champlin  
Keiser University – Daytona  
1800 Business Park Blvd.  
Daytona Beach, DL 32114

Dear President Champlin,

This is a letter of support in regards to Keiser University seeking matching grant monies to purchase virtual simulation training systems for every Keiser University campus offering Criminal Justice, Cybersecurity, Crime Scene Investigation, Forensics, Accounting, and Information Technology degrees to prepare students for careers in criminal justice.

Aside from the delivery of great training to the Keiser University students, our local law enforcement officers will also benefit from training with this technology as well.

On behalf of the Ormond Beach Police Department I want to thank you, Dr. John Dolatowski and your organization in this endeavor!

Yours truly,

Campus President David Champlin  
Keiser University – Daytona  
1800 Business Park Blvd.  
Daytona Beach, FL 32114

Dr. Champlin:

As a long-time member of your campus Criminal Justice Advisory Board and an advocate of its service and mission, I am fully supportive of the opportunity to obtain state-of-the-practice virtual simulation training systems for your campus.

These will allow instructors to put students in virtual law enforcement training scenarios which will broaden and enhance traditional academic standards and practices. In turn, this allows you to continue producing the best possible candidates for employment in the criminal justice system.

Additionally, with Keiser University making these simulators available to law enforcement agencies for ongoing training for their officers, it will deepen and preserve the collaborative relationship we have had with Dr. Dolatowski and the Criminal Justice Program at the Daytona Beach Campus.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Cheatham".

Mark J. Cheatham
