Keiser University
Port St. Lucie Campus
9400 SW Discovery Way
Port Saint Lucie, FL 34987

Dear President Kristof,

I am writing this letter to express my full support for Keiser University's application for funding to purchase state-of-the-art virtual simulation training systems. I believe that this equipment will be incredibly valuable to the students enrolled in Criminal Justice, Cybersecurity, Crime Scene, Forensics, IT, and Accounting programs. The goal of providing realistic training that can help students prepare for law enforcement and criminal justice careers is commendable, and I fully endorse this effort.

Our agency, the Stuart Police Department, has had a professional relationship with Keiser University for many years now with forensic interns. We have had the pleasure of working with many of the university's graduates and students, and we have always found them to be well-prepared, knowledgeable, and committed to their work. We believe that the education and training provided by Keiser University has played a significant role in the success of these individuals.

We also fully support the acquisition of virtual simulation training systems, as we recognize the immense value they offer to law enforcement and criminal justice professionals. The ability to provide realistic training scenarios that simulate real-life situations is incredibly valuable and can help prepare individuals for the challenges they may face in their careers. We believe that this equipment will help bridge the gap between theoretical knowledge and practical skills, and we fully endorse this effort.

I believe that this equipment will be an invaluable resource for students and law enforcement professionals alike and will help to prepare them for the challenges of their careers. Thank you for your consideration of this request.

Sincerely,

Joseph Tumminelli
Chief of Police
