Keiser University Port Saint Lucie Campus Commencement Ceremony to Celebrate Graduates

Port Saint Lucie, FL – June 2017 – Over 80 future professionals will celebrate graduation at Keiser University's Port Saint Lucie Campus on Friday, June 16, 7 p.m. at the Port St. Lucie Civic Center.

Among the graduates are Elbert Silas, a former United States Air Force Technical Sergeant who once joining civilian life, knew he wanted to receive a formal education in the field of health and fitness. Now a 2017 Keiser University Port St. Lucie Campus Sports Medicine and Fitness Technology graduate, Silas is taking his dream one step forward by pursuing a doctoral degree at the university's West Palm Beach College of Chiropractic Medicine.

"As a fitness trainer we employed corrective movements to modify bodily dysfunctions, so further study relating to range of motion through the use of a goniometer and other tools, as well as lessons concentrating on biomechanics, kinesiology, anatomy, and the physiology of the human skeleton really intrigued me to learn more," said Silas, a Riviera Beach, Florida native. "Once I receive my doctorate of chiropractic from Keiser University, I hope to motivate and inspire people to achieve a healthy lifestyle," he said.
