To whom it may concern:

CareerSource Capital Region is pleased to provide a letter of support for Keiser University.

CareerSource Capital Region is part of a state-wide network of workforce development boards under the CareerSource Florida network. We help businesses find talent and people prepare for and find jobs in Gadsden, Leon and Wakulla counties.

Keiser University and Maria Mead, Keiser University's President, have been and continue to be highly valued partners of CareerSource Capital Region. Keiser University not only serves as a training provider to many of our career seekers who are improving their lives through educational opportunities, but they have also supported and sponsored many community events hosted by CareerSource Capital Region.

Additionally, Ms. Mead serves as a member of the CareerSource Capital Region Board of Directors where she's played an integral role on our Career Pathways Council. She has also graciously hosted our Annual Board of Directors meeting many times at Keiser University.

Our goals and missions are the same: to improve our community by assisting businesses in acquiring the talent needed to prosper and by assisting individuals with educational opportunities to improve their lives.

We look forward to many more years of continued partnership with Keiser University and Ms. Mead.

Sincerely,

A handwritten signature in black ink, appearing to read "James McShane".

James McShane
