To Whom It May Concern:

On behalf of the Tampa Bay Area Chiefs of Police Association (TBACPA), I want to thank Keiser University for being an integral part of our community and for being a reliable partner for the Tampa Bay Area law enforcement agencies. Whenever asked to assist our organization, Keiser University always goes above and beyond to support our needs.

Keiser University endlessly assists the Tampa Bay Area Chiefs of Police Association training seminars to include the Bulletproof Mind seminar, which featured discussions to better prepare officers for traumatic events; and the two-day Force Science seminar, which educated investigators on the science behind forensic investigations.

I want to personally commend your staff, especially President Brandon Barnhill and Debra Bogart, for always being available and attentive to our every need. Keiser University graciously provided refreshments this year to the class attendees, which was tremendously appreciated by all. The professional and comfortable classroom environment provided a positive learning experience for everyone involved. Further, the staff for the Keiser University Parking Garage surpassed our expectations by providing added security checks to police vehicles while officers were in training.

Having a partner like Keiser University is imperative to the success of the TBACPA. Your institution deserves countless accolades for your continued support. Thank you!

Sincerely,

Major Michael Baumaister, President  
Tampa Bay Area Chiefs of Police Association
