To whom it may concern:

I am pleased to say that Keiser University is an important asset to our community for many reasons. Not only do they hold electrifying social/sport events for our neighbors, but they also host job fairs for students and alumni regularly. I work for a company that provides a variety of educational products to schools, colleges, and public libraries. We've had the pleasure of hiring and working with several Keiser University students and have had remarkable experiences with each of them. All have displayed a high level of poise and professionalism; they've exhibited outstanding time management skills and organizational skills; as well as 'going the extra mile' for us. It's a pure and rare delight to have individuals so determined and committed. If given the opportunity, I would absolutely hire other students/graduates.

Also, I cannot forget to mention the faculty and staff members that I've had the delight of working alongside. They have always been kind and extremely helpful.

For all these reasons, I feel confident that Keiser University will continue to expand and flourish. I very much look forward to its' exciting future and wish the best for all parties involved!

Best regards,

Jimmy R. Coe
