RE: LETTER OF SUPPORT

To Whom It May Concern,

Keiser University is important to our community for as its commitment to education is second to none. Keiser University is an integral partner in the success of our center as they have provided education literature, career workshops, and college readiness skills for our students.

The PACE Center for Girls is a Florida organization has served over 35,000 girls and is headquartered in Jacksonville. PACE offers therapy and counseling services to over 3,000 girls annually. As a community-based early intervention program, PACE provides mental health intervention and support services that help girls transform their lives and avoid costly court or system involvement while being maintained in their zone schools.

Through our partnership with Keiser, our students see a clear path to their future as a direct result of the "Life Playbook" that they develop with the help of Keiser's staff.

Keiser has a top notch educational institute that fosters individual growth and development for its students. As a Keiser alum, I have benefited immensely from the supportive environment and the rigor of its curriculum.

We look forward to a great partnership with the university.

Sincerely,

A handwritten signature in black ink, appearing to read "Judith Artis".

Judith Artis, Executive Director
