To Whom It May Concern

Keiser University plays an important role in our community for many reasons.

Our Toastmasters Club meets at the Keiser University twice a month and we offer the benefits of communication and leadership development to the students and staff, in addition to the community.

When we first started meeting at Keiser almost 2 years ago, we were a much smaller group than we are today. With the generosity of Keiser allowing us meeting space, we have had a constant flow of guests and students visiting and joining. We are now close to 30 members, who all benefit from the Toastmaster program -

"We empower individuals to become more effective communicators and leaders".

<https://www.toastmasters.org/about/who-we-are>

Our Toastmaster members are active in the Keiser community by participating in workshops and fairs offered by the university. Our members have also been supportive with donations to Keiser, i.e. Toys for Tots, and the Keiser Kloset.

We are very pleased to have Keiser as a venue for our larger, seasonal Toastmaster events, when 100-150 local members join us for contests etc.

And this is only at the Fort Lauderdale Campus! Toastmasters has also a long-standing relationship with other Keiser University locations. I have been to the one in Miami several times for Toastmaster training events.

The staff at Keiser are friendly and helpful and have always been keen on making us feel at home.

Keiser plays an important role in our community. Thank you, Keiser!
