

FITTEAM

Keiser University Flagship Campus
2600 North Military Trail
West Palm Beach, FL 33409

April 24, 2018

To Whom it May Concern:

On behalf of FITTEAM Global, I'm happy to be able to endorse Keiser University Flagship Campus. Over the years, in a variety of roles, I have had the opportunity to support Keiser in its local community efforts. I have participated in many events; from Career Fairs, Internship Fairs, Student Presentations, and Professional Panels. I am always impressed with the quality of the events held and hospitality that is shown to myself and all the other professionals that participate.

FITTEAM Global is one of the fastest growing lifestyle brands in the country. Founded in January 2015, FITTEAM provides products that promote better overall health. FITTEAM is committed to improving lives globally by providing a vehicle for people to get "FIT" physically, financially, spiritually and emotionally.

Through a large group of unique associations, FITTEAM has positioned itself on the cutting edge of products and services that will continue to be forward thinking, life changing and make a difference for people around the world.

I have had the opportunity to work with several Keiser students through FITTEAM's internship program and they have constantly exceeded my expectations when it comes to their organizational skills, professionalism, and work ethic.

I look forward to continuing my relationship with Keiser University for years to come.

Kind Regards,

Maria Pumarejo
