Keiser University
Attn: Ms. Karen Bisco
Director of Student Services
Keiser University, Clearwater

To Whom It May Concern,

In response to your request for a letter of support, I would like to say that our partnership with Keiser University is very important to our school and our community. We are fortunate to have them as a partner in education, and we sincerely appreciate all they have done for our school and students throughout the years.

Gibbs High School has been working with Keiser University for about 5 years. They have supported our faculty through trainings and recognitions. Keiser University has also donated recognitions for our 3.0 students throughout the years, and have recognized one of our very most improved students at the annual awards ceremony with a donation of a laptop. They have also donated time through our Mentoring Program, working one on one with a student to help them be successful.

Our students have received exposure to Keiser University through college tours offered throughout the year, with transportation provided. They also provide Classroom Guidance Sessions to assist our students with the college application process, and regularly attend our college fairs on campus to share information about Keiser University.

This has been a wonderful collaboration over the years, and we thank Keiser University for offering the opportunity to Gibbs High School to work together for the continued success of our students.

Sincerely,

A handwritten signature in cursive script that reads "Reuben C. Hepburn".

Reuben C. Hepburn
Principal
