

NAMI
National Alliance on Mental Illness

Broward County

April 24, 2018

Amanda Walling Glibowski
Director of Student Services
Keiser University
1900 West Commercial Blvd
Fort Lauderdale, FL 33309

To Whom It May Concern,

Keiser University is important to our community for their continued support of the programs and classes that NAMI (National Alliance on Mental Illness) Broward County offers to the community. They permit us to use a classroom at least 3 times a year to teach our 12 week Family to Family class. We have been holding Family to Family classes at Keiser University for at least 5 years. Family to Family is a free 12 week Evidence Based class for caregivers, family members and friends of persons with a diagnosed mental illness.

We have also partnered with Keiser when they hold mental health events and fairs to inform the students about the available services and agencies in the community.

Keiser University also supports our annual walk with a sponsorship, team and volunteers. Keiser understands that our NAMIWalks helps raise awareness, celebrates mental illness recovery and honors those who have lost their lives to mental illness.

Keiser has an excellent psychology program and their graduates are well trained in their field.

We are very happy to have Keiser University as a partner in our programs.

Sincerely,

Edna Einhorn
