Dear Mrs. Nancy Tedros,

**Our Mother's Home Vision:**

To end the repetitive cycle of foster care and generational poverty that afflicts teen mothers and their children.

**Our Mother's Home Mission:**

To transition teen mothers and their children from foster care and human trafficking to stable, happy and productive lives by providing a safe and nurturing home, education, parenting support, and physical, mental and spiritual care.

Our Mother's Home achieves its mission by implementing the Mentored Living Program that promotes education, health, happiness and integration into the community with comprehensive wrap around services for teen mothers.

Through this letter, Our Mother's Home of Southwest FL Inc. would like to affirm the collaborative support of Keiser University as they provide assistance in meeting the goals of our mission. Keiser University hosts our annual Young Women on the Rise: Empowerment Event, provides volunteers for the event, provides financial contributions, In-kind support and supportive services through field internship placement.

Our Mother's Home is honored to have the support of Keiser University as they continue commit to the growth and development of the Mentored Living Program.

Sincerely,

Karen Watson, MSW  
Executive Director
