To Whom It May Concern:

Keiser University is important to the community by providing the education and support our brave veteran community deserves. Our nonprofit worked in partnership with Violet Lowrey of Keiser University and Staffing Management Associates of South Florida to provide our first Job Readiness Boot Camp for veterans. This Saturday morning event brought together HR Professionals and veterans to provide our resume building, interview coaching, LinkedIn assistance and job search services for U.S. veterans in a four hour boot camp. We provided breakfast for our attendees and a head shot for LinkedIn to each of our veterans. All participants came together in a collaborative and enlightening think tank style environment to share job search and interview tips along with lessons learned from their own experiences. Keiser provided the perfect environment to promote such a positive learning environment for our veterans and for our HR Professionals.

Sincere Regards,
