Re: Lakeland PAL partnership with Keiser University

Our Lakeland Police Athletic Activities League (PAL) is honored to have partnered with Keiser University for the last 10 yrs. It is very important for PAL to provide services to youth ages 4yrs – 18yrs to help keep them off the street and provide resource that will help them become productive citizens in our community.

Several of the kids in our program have gone on to pursue higher education at Keiser University.

Such benefits to the youth and to the neighborhood and business community in which they grow up are virtually immeasurable!

Thanks for your assistance and for helping us achieve our mission, which is, “Filling Playgrounds & Colleges, not Prisons”

Sincerely,
