Subject: Letter for Record

ALCON,

1. I represent the Fort Lauderdale Recruiting Station located in Lauderdale Lakes, FL. Our station has been a part of this community since 1972, though it has switched locations it has been in this community for decades. Our organization takes pride in the relationship it builds within the community and one of our strongest allies is Keiser University.
2. Keiser University allows us the opportunity to explain opportunities to young prospective students who are thinking about continuing their education with Keiser University. Student loan debt is a major issue many will face during their secondary education, which is what we aim to reduce.
3. We have worked with many Keiser University alumni's and we have never been disappointed. They typically score in the above average range and are well rounded individuals ready to accept any challenge. We are currently in search of candidates and we are hoping some are Keiser University Alumni's or students.
4. Thank you for taking the time to recognize the relationship between the Fort Lauderdale Army Recruiting Station and Keiser University. I look forward to many more years together as community partners.

A handwritten signature in black ink, appearing to read "Nigel A. Clements", with a long horizontal line extending to the right.
