

Atria Park OF BAYPOINT VILLAGE

April 20, 2018

To Whom It May Concern,

Keiser University is important to our community for a variety of reasons! I am the current president of the Pasco Aging Network, which is affiliated with the Area Agency on Aging-Pasco/Pinellas, and Keiser University has been a strong supporter of our programs and fundraiser which directly contributes to senior service programs in Pasco County. Our primary fundraiser, Boots N Bling, is co-chaired by your Director of Student Services, Marianne Brawer. She has co-chaired this event the past 3 years and due to her support, we have been able to give over \$10,000.00 in grants to not-for profit senior service organizations! In addition, I work for Atria Senior Living, and I have seen the training of your nursing, medical assisting and other healthcare specific students in the many facilities I work with.

I previously have been on the Advisory Board for the Pharmaceutical Program and am impressed with the level of professionalism of the staff and students.

The impact Keiser University has in the West Pasco area is both positive and extremely important for students to achieve their academic goals and business success!

I look forward to continued support of Keiser University for the benefit of our area Senior Service Programs!

Sincerely,

Lori J Felber-President, Pasco Aging Network

Director of Sales and Marketing, Atria Senior Living
