To Whom It May Concern:

I am pleased to write this letter of support for Keiser University. Keiser University has partnered with CareerSource Pasco Hernando for a number of years in regards to job postings and hiring needs, business seminars, and career fairs that help to provide a quality workforce in Pasco and Hernando counties.

The posting of job orders and obtaining training grants have resulted in employment opportunities, increased skill sets, and enhanced productivity and work quality. I am writing this letter of support to express CareerSource Pasco Hernando's continued support and commitment with Keiser University's workforce and labor market needs, should their grant request be approved for opportunities to help expand workforce needs.

Very respectfully,

A handwritten signature in blue ink that reads "Jerome Salatino".

Jerome Salatino
President / CEO
