To Whom It May Concern,

Keiser University is an essential member of our local community as well as our healthcare environment in Melbourne Florida. Keiser University has an excellent reputation of educating knowledgeable and professional healthcare providers. I had the privilege of meeting Dr. Keiser at the Melbourne campus this year during the 40<sup>th</sup> anniversary celebration. I was inspired by dedication and passion that the Keiser University team demonstrated. The enthusiasm that is embraced by Keiser University team is clearly translated to the students.

As a nursing leader in our community I have been exceedingly impressed by the standards set in the area of healthcare at Keiser University. Students are entering our hospital well prepared and eager to continue to grow in their chosen disciplines. We have had great success with hiring students from Keiser University and I look forward to building our relationship with Keiser University well into the future.

Sincerely,

A handwritten signature in blue ink that reads "Stacy Thibodeau". The signature is fluid and cursive, with the first name "Stacy" being more prominent.

**Stacy Thibodeau DNP, MSN, RN**
