Keiser University  
2400 Interstate Drive  
Lakeland, FL 33805

Dear Carly Evans:

I am the Human Resource Director with Pro Med Healthcare Services. I had the pleasure of attending your career fair on April 17, 2018. Pro Med Healthcare Services has been staffing medical professionals throughout Florida since 1989. We are Joint Commission Accredited and we have had a compassionate staff that wants to find our medical professionals the right place of employment. We attend the local career fairs / job fairs not only to promote who we are but to also get an idea of who our recruits are as well.

In the future, we hope to be able to reach out to more of the graduates and alumni of Keiser University. We look forward to recruiting and placing them in a rewarding career. Working with Keiser University has benefited Pro Med Healthcare Services. We have created a network of medical professionals who upon graduation seek out our services and find themselves being hired by many of the local medical facilities in the area. Keiser University is doing a outstanding job of preparing there students for their future careers. We look forward to partnering with Keiser University for many years to come.

Sincerely,
