To Whom It May Concern:

It is my pleasure to write this letter in support of Keiser University. For the past three years, I have served on the social media advisory board. In this capacity, I have learned more about the institution and the educational options it provides. This has allowed me to act as an ambassador for the university sharing these opportunities with the general public.

Upon being selected for the advisory board, I was the communications manager for the City of Auburndale. I now serve as a communications analyst for the Polk County School District. As a result of its relationship with the School District, Keiser has participated in college recruitment fairs, speaking engagements and teacher trainings. We appreciate this collaboration for our students and faculty.

Most importantly, Keiser's showcase during the 40th anniversary was impressive and inspiring. It was a humbling experience to be a part of the excitement and synergy this milestone has brought the university. I proudly display my anniversary keepsake in my office.

I look forward to working with Keiser officials on finding new ways to mutually benefit both organizations.

Sincerely,

Merissa Green
