Association is dedicated to
developing public relations
practitioners who, through
ethical and standardized
practices enhance the public
relations profession in Florida.*

April 26, 2018

Dear Mrs. Kristof,

On behalf of the Treasure Coast Chapter of the Florida Public Relations Association, I would like to extend my sincere appreciation to Keiser University for allowing our organization to use your state-of-the-art facility for our professional development meetings.

Our nonprofit organization serves 55 members in Martin, St. Lucie and Indian River counties. Finding a suitable location that is convenient for all members has been our greatest challenge. Keiser University's central location has been ideal and has helped us reach more of our members than ever before.

The ability to host meetings at Keiser University for free has allowed us to invest funds back into professional development opportunities for our members that ultimately advance the knowledge of our members and thereby public relations profession as a whole.

Staff has been so accommodating and we can't say enough about the level of service that we have been provided.

We hope to continue this relationship with Keiser University well into the future. Again, thank you for your support.

Sincerely,

Nancy McCarthy, APR, president
FPRA Treasure Coast Chapter
