To Whom It May Concern:

Keiser University is important to our community and our business because Keiser provides excellent hands-on and real world learning opportunities to those in the community looking to make a difference or to advance themselves into a professional working career.

G4S is the world's leading private security organization. G4S is a security provider for the United States government, fortune 500 companies, nuclear power plants, oil and gas companies, airport, ports, banks, hospitals, factories, warehouses, commercial facilities, residential communities, colleges and universities.

G4S offers job security, excellent pay and benefits, and career opportunities. We offer entry level careers, management careers, sales careers and executive careers across the United States and internationally. G4S has been giving back to the Sarasota community through its services and employment opportunities for decades.

G4S has a dual partnership with Keiser University. G4S recruits alumni and students from Keiser to work in a professional security environment. G4S attends the job fairs that Keiser organizes for its students, alumni, and the community as well as has a strong business relationship with the Student Services department. The skill and various programs and classes Keiser offers to its students assist G4S in recruiting qualified personnel. As the Human Resources Manager for the Sarasota Branch of G4S and a Keiser University Alumni; I know when I hire an individual from Keiser, that I am hiring some of the best and well-prepared talent in the area. We would always give a Keiser student or graduate top priority when considering them for a position within our company.

G4S also provides security for Keiser University to ensure that its students and staff are safe at all times. The Keiser staff we facilitate our business relationship with is comprised of caring individuals that not only have the education of their students as their top priority, but their safety as well when they are on campus.

Keiser University is an excellent staple within the Sarasota community and frequently use their various partnerships to give back and donate to the community. Keiser will always be important to not only G4S but all of Sarasota.
