April 20, 2018

To Whom It May Concern:

Keiser University has been a partner with us for the 2017 – 2018 school year. In that time they have sponsored breakfast for our Assistant Principal for Administration monthly meeting. It was a smorgasbord of delicacies. Ms. Corley provided an overview of their University offerings – both academic and financial.

Additionally, Keiser offered our SHARPE Project program mentorship to its mentees. SHARPE stands for Shaping and Helping Adolescents to be Responsible, Positive and Excellent. We meet twice a month and offer support and kindred connections to our youth. These are students who are typically recommended for expulsion and are alternatively placed at the Ghazvini Learning Center. These relationships are critically import because they help student to realize a different pathway to completing high school and entering a postsecondary school like Keiser.

We thank Keiser for their willingness to partner with us as the relationship has proven to be mutually beneficial. We look forward to another successful year in partnership with Keiser University.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kathleen L. Rodgers', written in a cursive style.
