Subject: Testimonial of Keiser University – Tampa’s Value Added to the Local Community

As the senior military advisor and veteran mentor in the 13th Judicial Circuit Veterans Treatment Court (VTC), the Department of Defense Contractor for Gulf Coast FL Veteran Employment, and current President, Mentors for Hillsborough County Veterans (501c3), I am pleased to inform you of the continuing and positive impacts that Professor David Fernandez, and Keiser University share with our veterans in the greater Tampa Bay area.

Through the personal efforts of Professor Fernandez, Keiser University has provided logistical support to the VTC senior mentor staff which greatly facilitated our monthly meetings and coordination. Additionally, I was allowed to interface with many Keiser University (veteran) students, and in fact recruited several of them to serve their community in the roles of volunteer veteran mentors to defendant veterans in the VTC. Finally, Professor Fernandez invited me on be the guest speaker during the 2016 and 2018 Annual Law Lecture Series. These opportunities provided me the platform needed to educate the students on the VTC, and the overall benefits that this treatment brings to our local communities.

Keiser University – Tampa and the 13th Judicial Circuit Court enjoy a mutual appreciation and respect for our veterans and their contributions to our local communities, and to the overall defense of this great Nation. We look forward to continuing and strengthening our strong relationship, and together will help our communities and its citizens become more informed and supportive of our veterans.
