

NATURAL KNOWLEDGE

Independent Contractor for Food Safety Consulting, Training and Certification

April 20, 2018

Dear Ms. Corley,

My name is Xenia Bailey, the owner of Natural Knowledge LLC and I have a prodigious relationship with Keiser University the Tallahassee Branch. I currently sit on the culinary arts board, provide professional development and provide in-kind specialty food safety classes (e.g. Hazard Analysis and Critical Control Point) for culinary students. Please allow this letter to serve as a letter of support for Keiser University and the positive impact it has on our community.

Tallahassee is very unique; we have many post-secondary institutions that offer a wide-variety of programs; but Keiser provides a better experience and support for its students. Where Keiser excels is they do not look at students as a revenue stream, but as an eager individual that can be positively molded to make progressive contributions in whatever profession they choose. What is commendable about Keiser is they support the student from “cradle-to-grave”; they ensure students have employment when they graduate or they provide additional education so the student obtains additional skills that will set them apart from others to obtain that dream job.

Thank you for the opportunity to write this letter of support. I hope we continue our solid working relationship in the future and we are able together to embark on greater projects for the best interest of your students and the community at large. Continue your great work Keiser and always keep your mission that the student comes first.

Sincerely,

A handwritten signature in black ink, appearing to read 'Xenia Bailey', is written over a light blue circular stamp that partially overlaps the signature.
