NextStep Orlando is a registered non-profit that exists to provide those living with spinal cord injury and paralysis the opportunity to achieve their greatest recovery potential and an overall increased quality of life. We achieve this with an innovative, specialized exercise-based recovery program and dedicated staff in an environment filled with support, hope and motivation. NextStep Orlando has existed in the community for 9 years.

NextStep Orlando is a proud community partner for Keiser University. The Keiser OTA students visit our facility on their various fieldwork placements and are great learners during their stay. Our facility also hosts externships from the Sports Medicine and Exercise Science Program. These externships are incredibly helpful as we are a non-profit and rely on community support and volunteers to assist our trainers during the client workouts.

We are proud to say that we have went on to hire one of the Keiser students after completing their externship and they are now one of the Activity-Based Trainers here at NextStep Orlando. He showed great knowledge and the ability to be creative and calm really made him stand out.

Keiser University plays a significant role in the community and they have volunteered at our Walk-n-Roll-a-Thon Red Carpet event for many years. This is our biggest fundraiser where we also show case how far the clients have come with their progression each year and they walk down the carpet with the trainer's help and various assistive devices.

Kind Regards
