To Whom It May Concern:

I am writing to thank the Keiser Family and Keiser University for being wonderful neighbors. When Keiser opened their doors to students in 2002, we at Orlando Baptist Church were very happy to see the vast improvements that were done to the property and building adjoining our property.

Dr. and Mrs. Keiser have been supportive of our church and Christian School (K-2 - 12 Grade). We would not have a football field if Dr. Keiser had not given us a portion of the property. The football field not only is used for our football and soccer teams, but folks from all over the community schedule and use it as well. We are happy to share our parking lots with Keiser students and faculty each semester and thankful for the use of their parking lot on Sundays.

We are happy that Keiser students can use our weight room and are thankful for the machines Keiser purchased to make the workout room a very enjoyable place to physically aid students.

We are happy Keiser uses our Smith Worship Center for their graduations and pinnings. Many of Orlando Christian Prep graduates attend Keiser University and some of their professors attend our church services.

Orlando Baptist Church could not ask for a better neighbor than Keiser University. We are so happy to continually reach young people and invest in the ongoing success of our Central Florida community alongside of Keiser University.

We look forward to the years ahead and expect even greater accomplishments.

Thank you, Dr. and Mrs. Keiser, and a special thanks to my friend, Dr. David Hubbard, for your continued support to Orlando Baptist Church, Orlando Christian Prep and our Greater Orlando Community.

Sincerely,

Pastor Don Norman
