To Whom It May Concern:

Keiser University is a key partner and works with us to implement strategies that seek to provide jobs for all levels and skills. The Office of Economic Vitality works alongside of our education and workforce partners to identify the training needs of high/middle/low skilled workers and the talent needs of employers and businesses.

These collaboration efforts are best showcased through the Leon Works Expo which seeks to educate high schools on the importance of skilled careers. The Leon Works Expo brings together the community, employers, academic institutions, and students and job seekers. The event features local employers as well as courses to help job seekers find and grow into their career. Keiser University has been an essential partner since the beginning and is active on the workgroup committee. We are pleased to have them as a key partner.

We appreciate Keiser University's willingness to partner with us. The relationship has proven to be mutually beneficial as we work together to continue to build a talent pipeline in Tallahassee-Leon County. We look forward to a continued partnership with Keiser University.

Sincerely,

A handwritten signature in blue ink that reads "Cristina Paredes". The signature is fluid and cursive, with the first name being particularly prominent.

Cristina Paredes
Deputy Director
