

TOASTMASTERS INTERNATIONAL

Freedom Speakers-Toastmasters Club
1640 SW 145th Avenue
Pembroke Pines, FL 33027

May 3rd, 2018

To Whom It May Concern,

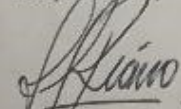

I would like to take this opportunity to thank our friends at Keiser University in Pembroke Pines FL for their continued support to our community and generosity with non-profit organizations such as Toastmasters International.

Keiser University has made a huge difference in Pembroke Pines by shaping future business leaders and entrepreneurs and has helped the Freedom Speakers Toastmasters Club by sponsoring our group and allowing us to meet in their facility every week to develop new confident leaders and speakers that can better serve our community and the local economy.

As the VP of Public Relations for this Toastmasters club, I have worked with faculty members and administrative personnel at Keiser University and they have shown a proclivity for going far and beyond their roles and responsibilities, their professionalism, time management skills, and a can-do-attitude far exceeds the standards you find in other institutions. This type of attitude is emulated by the students that attend Keiser University and puts them ahead of the curve to tackle the challenges of tomorrow in the corporate world.

Thank you again for your hard work.

Respectfully,

Luis F. Riano, ACB, MBA
VP of Public Relations
Freedom Speakers-Toastmasters
