April 16, 2018

Dr. Michael R. Wiles
Dean, Keiser University College of Chiropractic Medicine

I am writing to you to offer my support for your Chiropractic Medicine program. I have been involved with the Advisory Board for the past several years, since the program's inception in 2016. Since that time over 60 students have entered the program and continued through the course load. The students appear to have great professionalism and promise. The faculty have been picked from experienced sources and are experts in their fields.

The school is developing a good reputation in the community. In fact, recently as a legal witness in a deposition my involvement with the school's advisory program was seen as a positive. It has truly been an honor to be involved in your program and hope to continue to do so for the years to come.

Sincerely,

A handwritten signature in blue ink, consisting of several overlapping loops and a long horizontal tail extending to the right.

Timothy F. McQueeney, D.C., C.S.C.S.
