**Leslie Kristof, Campus President
Keiser University
9400 SW Discovery Way
Port St. Lucie, FL
34987**

Dear Ms. Kristoff,

I wanted to take a moment to express my gratitude and appreciation for the support that Keiser University of St. Lucie has shown to Tykes & Teens and to the community at large. Keiser has been a wonderful partner and supporter of our prevention efforts to keep our youth safe and healthy here in Martin County.

Not only has Keiser University taken part in our Family Day Campaign, encouraging family engagement through eating meals together, but they have stood with us for the past 8 years planning, implementing and managing Project Graduation in Martin County. Project Graduation is a program providing fun and safe activities for our graduating seniors to ensure that no graduate loses their life on the road on graduation night.

Keiser has also provided opportunities for us to guest lecture and share our expertise. We are proud to call Keiser University a partner and look forward to other opportunities to work together.

Sincerely,

**Jeffrey Shearer, LCSW, ACSW, CAP
Chief Executive Officer**
