Keiser University  
2085 Vista Parkway  
West Palm Beach, FL 33411

To Whom it May Concern,

Thank you for your support of The Women's Breast & Heart Initiative, Florida Affiliate's (WBHI) One in Three, One in Eight Campaign in Spring 2018.

Keiser University serves as a valuable partner in collaboration as we save and change lives of at-risk women in Palm Beach, Dade and Broward counties. We have participated in your community service fairs, presented at your Leadership Distinction seminar and recruited students to participate in our door-to-door outreach campaigns.

Our collaboration has positively impacted the women we serve. Students who register and participate in door-to-door outreach educate women on the importance of breast and heart health. They also make appointments for women to receive a mammogram and heart screening at no cost to them. Not only do the students learn valuable leadership skills such as public speaking, team work and empathy, but they also learn the early detection guidelines for breast cancer and heart disease, which they can utilize to raise awareness in their own families and friends as well.

Because of your support, at-risk women have received breast and heart health awareness, education and screenings in the most direct and caring way – in their neighborhoods.

You are an integral part of our success and we look forward to a continued successful collaboration with Keiser University as we save and change lives, one woman at a time.

Sincerely,

Andrea Ivory  
Founder/Executive Director

Jamie Desrameaux
