To Whom It May Concern:

It is with extreme pleasure that I write this letter of recommendation for Keiser University. As a Nursing Director for AdventHealth, I have been able to visualize firsthand the caliber of the RN's that graduate from the University. My team and I have had the positive experiences with the students during their practicum and onboarding them to the numerous clinical arenas.

Please feel free to contact me any if questions should arise.

Respectfully,

Kathleen Kennybrook MSN, RN
