To Whom It May Concern

We consider Keiser University a valuable part of our community. During the years, Keiser University has contributed to our pool of OTA practitioners. Their level of understanding of the foundations in the OTA such as kinesiology, neurological and musculoskeletal disorders, assessments and treatments is excellent, an indication of the excellent level of education received.

GL and Associates Therapy Services, INC cherish the relationship with Keiser University and look forward to strengthen this relationship in the years to come for the good of the community and our workforce.

Sincerely,

Gehidy Martinez OTR/L
President
