

To whom it may concern:

I have worked with Keiser University on various levels, as a member of the physical therapist assistant advisory board, a clinical instructor for PTA students, an employer of Keiser University graduates, and as an Alumni. It is with enthusiasm and enjoyment that I am writing in of support Keiser University, Miami Campus.

As a PTA and small business owner of an out-patient sports orthopedic clinic, in Miami, I come in contact with a very diverse group of people. Throughout the years the one thing I have noticed is that Keiser graduates seem to always be well prepared and a step ahead of others.

As far as my own personal experience at Keiser University. I do not believe I would currently be in the position I am today without them.

Sincerely,

A handwritten signature in black ink that reads "JUSTIN TOEWS".
