To Whom it may concern,

Metropolitan Ministries mission is to care for the homeless and those at risk of becoming homeless in our community through services that alleviate suffering, promote dignity and instill self-sufficiency as an expression of the ongoing ministry of Jesus Christ. Our programs focus on food, housing, education, mobile outreach, life skills, and prevention and our services are designed to help homeless and at-risk children and families. These services are vital for the 32,000 and counting homeless men, women, and children in our community.

Throughout the year we have the pleasure of working alongside many community partners to further our mission of serving children and families in need. Without this true community collaboration, so many would be left with no hope for the future.

Keiser University is important to our community because of their mission to be service in the community and we are so thankful to have Keiser University as a community partner of ours. Keiser University has impacted our mission by hosting holiday drives for us, collecting much-needed commodities.

Keiser University have given their time and effort to sere their community in both Tampa and Holiday, FL. In total, over 3,700 hours of volunteer service were generously poured into Metropolitan Ministries; helping us to make incredible impacts for members of our community. Thank you to Keiser University for choosing to be a part of this lifesaving work. Every time you give, you help lift families out of poverty into a place where they can take those first steps toward a changed life.

With gratitude,
