To Whom It May Concern,

We want to express our most sincere gratitude for having a working relationship with Keiser University. The institution has been our community partners for the past 10 years and our business has benefited from hiring their students regularly.

Keiser University students provide professional services and exceed our expectations in current knowledge and their willingness to continue learning.

We have a strong relationship with Carmen Perez-Padron, director of student services, whom usually checks for positions and hiring status and long term satisfaction.

We are thankful for them being a pillar in our community and will support them in all their efforts to continue growing in their excellence.

Sincerely,

Barbara Cardeso
Clinical Director/Owner
