To Whom It May Concern:

Please be advised that we have hosted undergraduate students from the Psychology Program of Keiser University for practicum experience in our facility. We have found these students to be highly professional in their demeanor and well-motivated to participate in the care of our patients, both in the in-patient, as well as in the out-patient setting.

We have also found students from the Psychology Program of Keiser University to be well read and knowledgeable. We plan to continue receiving students from the Psychology Program of Keiser University as soon as the current pandemic allows it.

Please accept this letter in support of the excellent work done at the Psychology Program of Keiser University. Please feel free to contact the undersigned if further information is necessary regarding the Psychology Program of Keiser University and the quality of their students. Please receive warmest regards.

Sincerely,

Jorge A. Herrera, M.D., Ph.D.
Executive Director
