Keiser University – Tampa Campus  
Radiology Technology Program  
5002 West Waters Avenue  
Tampa, FL 33634

To Whom It May Concern:

Keiser University is an important part of our community for the valuable collaborative partnerships they provide while maintaining a foundation of educational excellence throughout our communities. As an affiliate of Keiser University, Orthopaedic Associates of West Florida has maintained a relationship for three years as an externship site for their Radiology Technology students.

As a result of this partnership, Orthopaedic Associates of West Florida has hired several Keiser graduates and currently employs three (3) of their Radiology Technology program alumni. The graduates we've hired from Keiser University display a high level of professionalism, have completed sixteen months of training focused in Radiology, and demonstrate an increased level of productivity which meets the demands required of our high-volume Orthopaedic practice.

As such, we strongly support Keiser University and value our mutually beneficial collaborative relationship with them as a means of enhancing our student learning partnership. We look forward to continuing to work with them in the future.

Sincerely,

Danielle Frost

Radiology Supervisor

Orthopaedic Associates of West Florida
