To Whom It May Concern,

Keiser University is important to our community for many reasons. Educating learners, providing jobs, and lending knowledgeable citizens to be our role models, local leaders, and esteemed members of the community are just a few of the benefits of having Keiser University as a resource to our region.

As a local partner to Pace Center for Girls, Pinellas we are grateful that Keiser University offers board members (which equates to affluence and visibility), volunteers (meaning unique experiences for our students), and career exploration opportunities (relating to a wider range of job possibilities) to our at-promise girls throughout the year and we are grateful for this phenomenal commodity right here in our own backyard. For 24 years, Pace Pinellas has been serving middle and high school girls in our community through academics, social services, and hands-on experiences, and we are thankful to community partners like Keiser University who also see the value in providing meaningful opportunities for our young ladies.

We're appreciative of the collaboration between Pace Center for Girls, Pinellas and Keiser University and look forward to many more years of healthy relationships between our organizations. When we value the possibilities for those who are willing to learn, we all WIN!

For the Girls,

A handwritten signature in black ink, appearing to read "Heidi Hugh". The signature is stylized and cursive.
