To Whom It May Concern,

Keiser University has been a "Go-To" community partner of the Greater Sarasota Chamber of Commerce for many years. This year our Chamber is celebrating it's 100th years of serving over 1,000 businesses in the Sarasota/ Manatee Region.

When we think of strong community partners in solving issues locally, we look to our blue chip companies, educational institutions and non-profit partners. Keiser University is one of these companies.

We have also had the opportunity to work and interact with Keiser students and continue to be impressed by the caliber of individuals that come through the Keiser programs. The quality of students and graduates are professional and have the soft skills that employers are looking for in new hires.

I would be happy to talk further with you regarding the Chamber's strong ties to Keiser University and it's leadership in Dr. Michelle Morgan.

Sincerely,

Heather Kasten
